**A1 Overnight Closures Late January 2024
Resident Escort Letter****CCTV and narrow lanes install on A1**

We'll be installing CCTV and narrow lane barriers on the A1 in alternate directions between Wyboston and the Black Cat roundabout between **Thursday 18, Friday 19 & Wednesday 24 January 2024** and southbound between Tempsford and the Black Cat roundabout **Tuesday 23 January 2024**.

So these can be installed safely, we'll need to close the A1 as outlined below. To keep disruption to a minimum, we'll be completing this work overnight when traffic is typically at its lowest.

| Location | Closure Direction | Date | Timings |
|--|-------------------|---|-------------------|
| Wyboston to the Black Cat roundabout | Southbound | Thursday 18 and Friday 19 January 2024 (two nights) | Overnight 9pm-5am |
| Tempsford and the Black Cat roundabout | Southbound | Tuesday 24 January 2024 (one night) | Overnight 9pm-5am |
| Wyboston to the Black Cat roundabout | Northbound | Wednesday 24 January 2024 (one night) | Overnight 9pm-5am |

Please see map on the second page for details of the road closure and diversion.

We apologise in advance for any inconvenience you may experience during the upcoming roadworks.

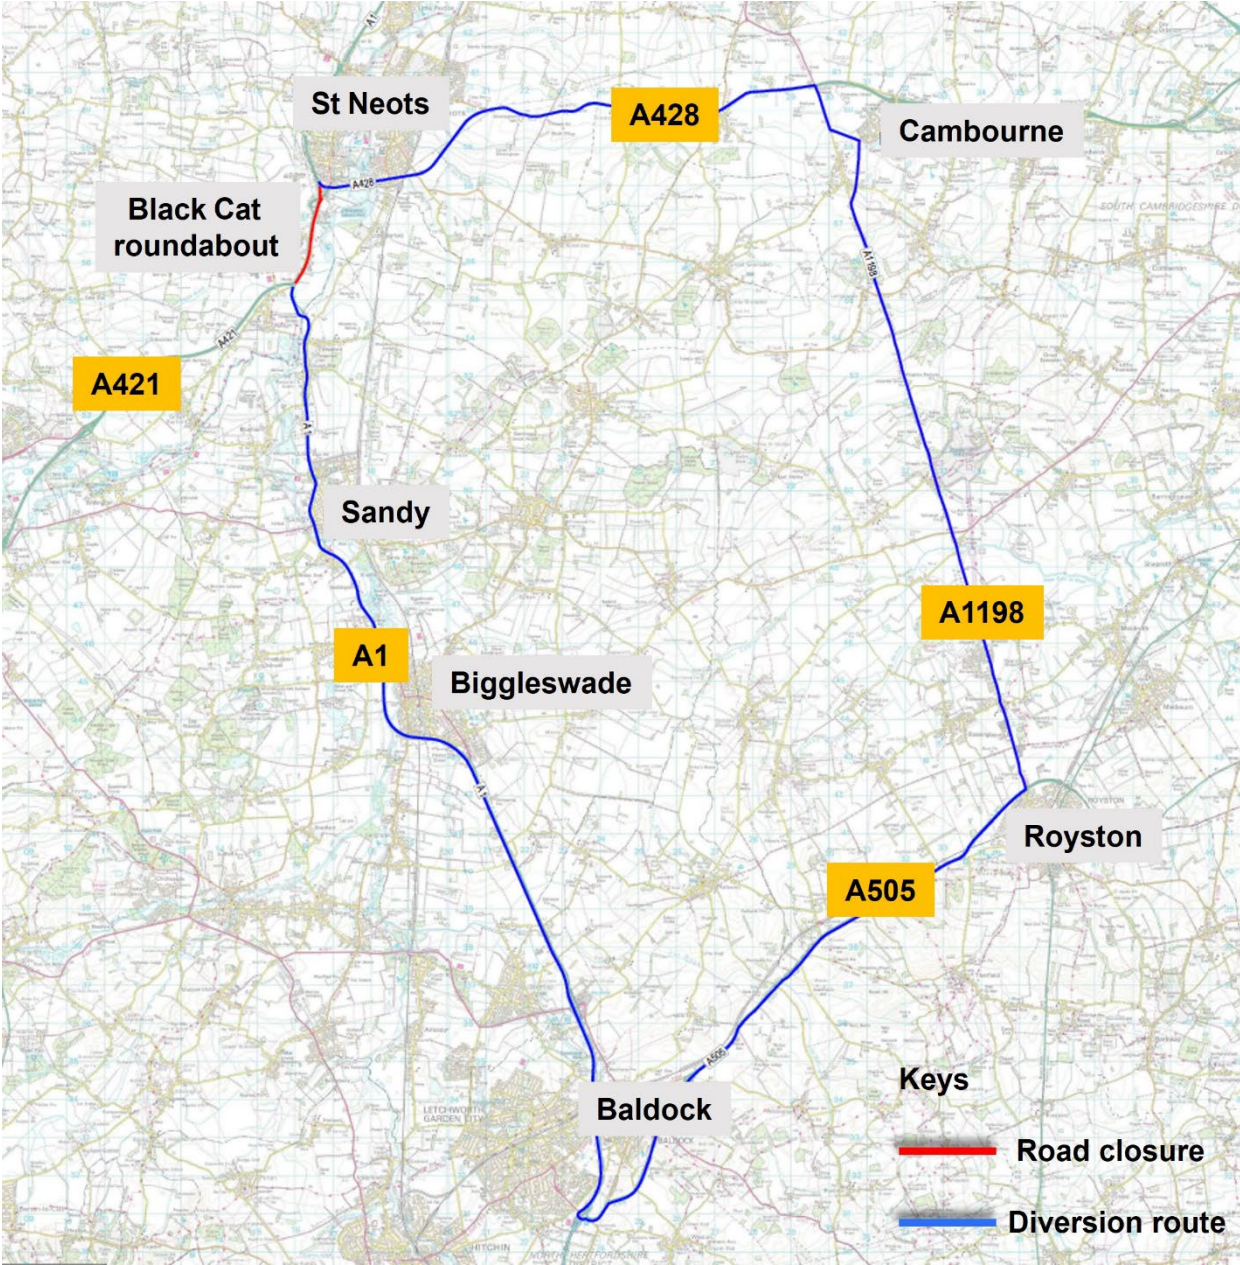

We invite you to visit our [website](#) to keep up to date with **upcoming and future road closures**

Please remember:

- Traffic approaching the closure location shortly before 9pm is likely to be subject to the diversion while the closure is put in place.
- We always try to stick to timings; however, these closures may be amended due to poor weather or operational reasons.
- You can get real-time traffic information via www.trafficengland.com.

Diversion during the A1 Black Cat roundabout to Wyboston closures

Traffic will use the A428, A1198 and A505 to rejoin the A1 at junction 9.

Access for Residents – during A1 Black Cat roundabout to Wyboston Closures

An escort service will be provided for residents whose properties are **inside** the section of road that is closed.

During a northbound closure an escort would be provided for properties whose access is onto the northbound carriageway, and during southbound closures for properties whose access is from the southbound carriageway.

Returning to your property

As a local resident living within the closure we will escort you to your property on the physical production of this letter.

At the road closure please present this letter to one of our Traffic Management operatives who will then arrange for you to be escorted safely through the site.

Leaving your property

If you need to leave your property during the closure you will be escorted back onto the road network. At the entrance to your property / road there will either be a gateman on the road or alternatively an intercom point (as shown below) where you can call to request an escort.

Keeping you updated

If you'd like more information about this work, then please feel free to contact us by calling the 24/7 National Highways Customer Contact Centre on 0300 123 5000, email info@a428.co.uk
